DETAILED ACTION

Applicant's arguments filed 12/10/03 have been fully considered but they are not persuasive. See argument below.

I. Rejection of claims 1,2,4,5,7-9,12-16,25-34 under 35 USC 102(b) as being anticipated by Lundstedt (EP '073) on record will be maintained for reasons on record and reasons as follows.

Applicant argues that Lundstedt does not teach the invention wherein one of the agrochemically active compounds is a safener. Examiner disagrees with Applicant. Examiner argues that Lundstedt teaches that safeners are particles which are agrochemically active compounds. See page 4 lines 42-53.

II. Rejection of claims 1,2, 4,5,7-9,12-16,25-34 as being anticipated by Scher (WO '468) will be maintained for reasons on record and reasons as follows.

Applicant argues that Scher does not teach the invention wherein one of the agrochemically active compounds is a safener. Examiner disagrees with Applicant. Examiner argues that Scher teaches that safeners are particles which are agrochemically active compounds. See page 4 lines 17-23.

Applicant argues that Scher does not teach or suggest the suppression of antagonistic interaction as claimed. Examiner argues that it is inherent that Scher's invention would result in a decrease in antagonistic interaction between the pesticides since active components are separated having one of the pesticides encapsulated and the other pesticide non-encapsulated.

Art Unit: 1616

III. Rejection of claims 3,20,35-42 under 35 USC 103(a) will be maintained for reasons on record and reasons above. See arguments I and II above.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
